

Royal Baking Powder

Absolutely Pure

DISTINCTIVELY A CREAM OF TARTAR BAKING POWDER

Royal does not contain an atom of phosphatic acid (which is the product of bones digested in sulphuric acid) or of alum (which is one-third sulphuric acid) substances adopted for other baking powders because of their cheapness.

ROYAL BAKING POWDER CO., NEW YORK.

BRIDGEPORT.

Mr. Lewis Folker's sons will run his farm next year. Success to the boys.

Some people prefer stoves to a heater, it makes it nice in house cleaning time, to blacken four or five stoves, and carry them around. However, the Captain prefers stoves to a heater. Help yourself, "Cap-pie."

Most of our people around here have trotting horses now, especially on Saturday afternoon. Wonderful speed is displayed.

In conversation with Mrs. Lizzie Hamlen, concerning the awful disaster last Sunday on the electric line at Atlantic City, Mrs. Hamlen said no such sad disaster could happen in Scotland on Sunday, as there are no Sunday trains.

Mrs. Ella Flowers is reported as being much better, and on the road to recovery.

Mr. John Jordan has rented the house adjoining Clifton Allen, and will move off the island in a short time.

Mr. and Mrs. J. Thompson Gill, of near Swedesboro, gave a dinner party on Sunday last to relatives in honor of Mr. Gill's niece, Mrs. George J. Hamlen, of Scotland.

The recent cold snap has caused the flower growers to take in their plants, and store the flowering bulbs for the winter.

The latest news from Mrs. John Ruscher is very encouraging. While the physicians at the hospital pronounced it a very serious case, yet say the danger is over and that Mrs. Ruscher will recover.

The Daughters of Liberty held a very successful sale in Logan Hall last Saturday evening, consisting of an oyster supper. Oysters in various ways, and refreshments were served.

Mrs. William C. Kille, of near New Bridge, was taken very serious ill on last Tuesday p. m. At this writing she is improving.

Mr. James McGlinchy, of our town, was married on Wednesday of this week to Miss Alice L. Green, of near Paulsboro. We congratulate James and his bride.

Mrs. Jennie E. Derricks and daughter Mrs. George West, of Paulsboro, was in town on Tuesday calling on relatives and friends.

We hear of the sad death of Mr. Wm. Craft, of Reapaup. Mr. Craft was taken with paralysis on Monday and died on Tuesday. He had been the faithful nurse of his invalid wife for several months, and was greatly affected by his wife's suffering and helplessness. Mr. Craft was an honest upright man in all his dealings, greatly loved in his home, and respected by all who knew him. He leaves a wife, one daughter, Mrs. Thomas Wright, of Paulsboro, and five sons to mourn the loss of an indulgent husband and father. Our sympathy goes out to this bereaved family.

HURFFVILLE.

After having a boy several months which he got from the New Jersey Children's Home Society, and having become very much attached, Thomas C. Bee found it necessary to relinquish all claim and return the boy to his father and mother, as they have reformed and want to again live together, we hope a happy and better family.

Mrs. Walter James is on an extended visit at West Haven, Connecticut.

Quite a number from here attended the entertainment given by our people at Cross Keys on Saturday evening.

Miss Mae Pierce has been spending a few days with her brother at Malaga.

William B. Fisher was notified on Saturday by telephone message that his brother had been found in the Delaware river; probably a case of suicide.

Henry L. Schabey moved to Turnerville on Wednesday.

A jolly crowd of masqueraders went on a straw ride to A. B. Atkinson's at Pitman Grove on Wednesday evening. And there was fun by the load.

The Grange will confer the first and second degree on Saturday evening.

The Ladies Auxiliary will hold a clipping social on Wednesday evening, November 14th. The ladies will take a lunch and the purchaser will eat with the one who's name appears inside the box.

Charles C. Watson is erecting a barn for Poreh Bros. on the property vacated by Walter James, and which will be occupied by Mr. L. Hook.

WASHINGTON TOWNSHIP VOTERS.

It is all right for a candidate of a party to canvass a township to procure votes, but the truth should be told in doing so. Brooks Hurff is a candidate for Collector on the Democratic ticket, and if he did not want, or would not accept the office, he would not be there. So do not be deceived by false assertions. Refer to Mr. Hurff's record and the financial report of the township for the past six years, and consider if a change in Collector would be advisable or desirable. Answer by a truthful ballot by giving the candidate a rousing majority who has the honor of being the best Collector the township has experienced.

TAX PAYER.

PITMAN.

R. H. Comey's fine residence is under the painter's brush.

The turnpike company is graveling Broadway.

The Elwell residence on North Broadway is being freshly painted.

George Cowan has a position in one of Child's grocery stores in Camden.

Miss Conner, of Delaware, is visiting her friend Miss Verna Pleasanton.

Miss Eva Luffbarry, of Philadelphia, was the guest of her sister, Mrs. George Creekmore, over Sunday.

The poor electric light service is the greatest boon the gas company could wish.

A number of friends surprised Mr. and Mrs. Oliver Downs on Friday evening, the second anniversary of their marriage.

Daniel Levering and Miss Nettie Smith were married at Aura on Saturday afternoon.

Mrs. J. C. Rulon attended the funeral of Mrs. Charles Fox, of Riverton, on Monday.

Veteran I. D. Haines attended the reunion of his regiment, the 97th Pennsylvania, at West Chester on Saturday.

John E. Scott moved from Mullica Hill on Tuesday to the property he recently purchased of Miss E. E. Rulon.

The carload of flagstone crossings has been received and distributed. John Skinner has the contract for laying them.

Frank Kelly, of Railroad avenue, has had a three foot cement retaining wall built along his high terrace.

Rev. E. A. Griffith preached at New Sharon Mission near Wenonah, several nights last week. Thirteen were converted.

Five cottages are in course of construction on Snyder avenue and cellars are dug for two more.

Rev. Arthur Downer fell down the stairway of his barn a few days ago, but escaped with a few cuts and bruises.

A number of active members of the S. C. A. fire patrol came down on Monday afternoon, with their better halves and with the local members enjoyed an autumnal gathering at their Summit Park headquarters.

An enthusiastic bank meeting was held on Thursday evening and committees on location, and procuring a safe were appointed.

The registry board sat at Pitman on Tuesday and nine additional names were placed on the roll.

Mrs. Elmer Sayre, of North Broadway, has been extremely ill at the home of her daughter, Mrs. Winfield Strang, of Glassboro, but we are glad to hear she is improving.

Mrs. Robert Hallenbach, of Allentown, is visiting her sister, Mrs. Jos. Lodge, Miss Anna Yohe, of the same place, spent the week-end with Mrs. Lodge.

Rev. Joshua Tushingham preached in the M. E. Church on Sunday. He will make his residence here as he formerly intended and may continue to serve the M. P. congregation.

Mrs. Jacob Park has been a great sufferer from the effects of a broken thigh received in a fall more than a year ago. She went to a Philadelphia hospital several days ago.

The Epworth League gave a pumpkin social at the residence of Joseph Shoemaker, the admission being five cents or a pumpkin. Pumpkins were scarce, but the pie served was delicious.

Harvey Snyder, of Philadelphia, has bought Allen Gardner's new property on South Broadway adjoining Ex-Coroner Dugan's residence. The Snyders and Dugans were neighbors and close friends in Philadelphia and wished to be neighbors still.

The Ushers' Union of the M. E. Church antedated Halloween, and with their lady friends formed themselves into a band of "ushers' spooks," on Tuesday evening. After promenade the streets in their ghostly apparel they surprised their comrade Samuel Thomas, Jr., who was with them, by accompanying him to his home and giving him a jolly birthday celebration, it being the occasion of the twenty-first anniversary of his (death).

The Atlantic City Thoroughfare horror cast a gloom over this community and brought great personal sorrow to one family. W. L. Carter and wife, of 701 Cooper street, Camden, lived here until recently, spent their youth here, married and remained for a number of years. His father W. D. Carter, who is just able to get about the house after a protracted illness with typhoid fever, is a resident of the town as is his sister, Mrs. Edward Carly. Mr. Carter had a position of trust with the New York Detective Agency and had been detailed for duty in Chicago. He and Mrs. Carter came down on Sunday to take dinner with the family and left for Atlantic City on the 1.16 P. M. train meeting the express at Newfield. He promised his father he would try to get down again for a few minutes before starting for Chicago, on Tuesday morning. Mr. and Mrs. Carter strongly urged their step-mother to accompany them and have a little outing after weeks of faithful attention to her sick husband, but fortunately she declined. Captain Clark of Atlantic City, is an uncle of Mrs. W. L. Carter and assisted in getting out the dead. He looked upon the face of a body just recovered and exclaimed, "My God, that is my nephew." He later went to his home to get a photograph for identification and on his return found the body of his niece. We hear that Mrs. Carter's father, Mr. Canfield Fisler, a former resident of this place, has been critically ill for some time, and Mr. Carter's father is not able to attend the funeral, which occurs to-day, Thursday, from their Camden residence. Two daughters are left orphans one fourteen, the other eleven and relatives state they seemed completely dazed by the calamity which has overtaken them. Mr. and Mrs. Edward Carly have had more than the usual share of trouble lately, he in the tragic death of his father a few weeks since and she in this sudden calamity.

Allen Gardner, of Atlantic City, came up on Saturday and invited a friend, James Eagan, to accompany him. Mr. Eagan returned on the ill-fated train and lost his life.

Councilman J. C. Rulon went to Atlantic City on the eleven o'clock train beating almost certain death by only two hours. He describes the scene as heart-rending and trusts he may never witness such another sight.

A Revelation in Gas or Gasoline Engines

The Kind of Engines

3 1/2 H. P.
7 H. P.
14 H. P.

Woodpeckers Are

Four cycle, hit and miss type, centrifugal balanced governor acting on the exhaust, so that the engine runs without compression on the idle strokes

The engine uses fuel exactly in proportion to the load, so that there is the utmost economy on light loads. Provision is made so that the fuel valve does not throttle on the idle strokes. The average cost of running the WOODPECKER full load is 3c. per hour on the 3 1/2 H. P., 6c. per hour on the 7 H. P., and 12 per hour on the 14 H. P. The lighter the load the smaller the cost of running. The bed and cylinder and fly wheels are of the finest close-grained grey iron. The crank shaft is solid steel forging. The connecting rods are of phosphor bronze and steel forging with take up at both ends. The piston and rings are ground to fit so that perfect compression is assured (a vital point.) The governor is accurately balanced, so that the speed is maintained with perfectly regularity; no difference what the load, or whether the load is thrown on gradually or suddenly. The balance of the wheels is perfect, so that there is no "jumping" or "thumping". The speed may be easily changed by increasing or decreasing the tension of the governor spring, while the engine is in motion. The parts, such as skids, oilers, tanks, spark plugs, batteries, spark coils, etc., are the very best. If there is any good quality wanting, or any poor quality existing in these WOODPECKER Engines we and our customers have failed to discover it. You may rest assured that we are continually seeking to discover wrong things about these machines, because years ago, we set the highest standard for engines of this kind, and we intend to maintain that position. We know that our WOODPECKER Engines please far beyond expectation, not because we know how good they are, but because our customers keep on telling us so, and because very nearly every one we send out is kept and paid for by the user. We do not give Engines away, nor do we sell them below cost, but we have been told so many times that they are the greatest value for the money that has ever been offered, that we believe it must be so. If you want to try one of these Engines, do not hesitate, for you will find it far more profitable than wasting your time and patience and money on some other Engine that may be all right and may be all wrong.

There is no "Guesswork" on Woodpecker engines.

Call and see this engine, start it yourself; stay half a day and look it over very carefully and become acquainted with the simplest engine with the fewest parts on the market to-day.

JOSEPH W. PRATT, Agent

PRICE OF 3 1-2 H. P., \$160.

WESTVILLE, N. J.

Dr. HESS POULTRY PAN-A-CE-A

Is the Scientific Compound for Poultry.

Poultry Pan-a-ce-a cures diseases and makes hens lay.

It has special merit peculiar to itself; take no "Poultry Food" or "Poultry Powder" as a substitute.

POULTRY PAN-A-CE-A is not made from a stock formula, but an actual and practical knowledge of every condition and disease that fowls fall heir to.

We have, in addition to our immense laboratory, a large poultry hospital in which we are continually experimenting on a large scale.

POULTRY PAN-A-CE-A is the result of this extensive scientific research.

PAN-A-CE-A not only cures and insures immunity from disease, but it is a digestive tonic that makes poultry grow healthy and strong, and keeps them so.

It develops bone, muscle and feathers. It makes poultry raising more profitable.

Chicks very frequently become exhausted from a rapid growth of feathers, which is characterized by debility, general ill-condition and leg weakness. The digestive tonics of DR. HESS POULTRY PAN-A-CE-A work wonders in these cases.

PAN-A-CE-A is a boon to poultry-raising. It is equally good for chickens, turkeys, ducks and geese.

PAN-A-CE-A is a guaranteed egg producer. It is not a stimulant but a nutritious tonic, which produces eggs in nature's way.

In winter you keep hens warm, and feed PAN-A-CE-A; if you don't get more eggs and lots more, return the empty package and your money will be refunded.

It is fed with other foods and enables the system to appropriate egg making material from the stuff fed.

POULTRY PAN-A-CE-A cures diseases after they are once established in the flock.
